Our teachers

Hello! I'm Mr. Minoru Gima, the principal of this school. Welcome to our school!

There are ten classes; 1st grade has 2 section, 2nd grade has 2, 3rd grade has 1, 4th grade has 1, 5th grade has 1, 6th grade has 2 and special education class has 1.

There are 24 staff members here. The staff come to school at 8:00, and then start activities with the children. They spend time together until around 4:00 pm. They try to develop the children's talent.

In Japan, teachers teach not only subjects but only how to clean, how to set the table.

If you come to Japan, please try to see difference school culture between Japan and your country. And I hope that you could spend quality time with our children.
